Perspective of Future

Iran Plast is the largest and most important exhibition in different fields of petrochemical products, materials, machineries and services in Iran and one of the most magnificent ones in the Middle East and Asia.

Iran Plast International Exhibition is the best and right place to conjoin the different parties who have common targets and try to derive a benefit by this industry.

More than 700 Iranian and foreign companies and organizations gather together in this international event to interchange their knowledge technologies, potentialities and efforts and create a fully win - win business.

Iran Plast has been developed noticeably from its first show in 2002 since more than 7600 companies have taken part from the first Iran Plast up to its last exhibition earlier in 2021.

In order to enhance its quality and organization, Iran Plast Exhibition was a biennale exhibition until the exhibition in 2016, but it will be hold annually from 2017 based on the exhibitors' needs.

Participating in the Iran Plast can open new gates in front of the companies who are looking for progressive and continuous business cooperation.

National Petrochemical Company, affiliated to the Iranian Ministry of Petroleum, as the main organizer of the Iran Plast Exhibition supports thoroughly this event and is fully authorized to encourage and assist all the foreign companies who make bilateral partnership with their Iranian counterparts.
