

# 2023

## EUROCHAMBRES ECONOMIC SURVEY

30th anniversary edition

Based on responses from  
over 42,000 businesses  
in 25 countries

### Business confidence for 2023

Business confidence for next year is lower than during the 2008-09 financial crisis and the height of the Covid-19 pandemic

### Challenges for 2023

#EntrepreneursSay: things will get worse before they can get better

There are sharp year on year drops in export, employment and investment expectations compared to 12 months ago.

#### Export

#### Employment

#### Investment

### Key EES2023 policy messages

#### #EntrepreneursSay they need

Common EU efforts to tackle high energy prices, improve energy efficiency and enable access to renewables

Tackle remaining single market barriers to create growth opportunities

A proactive and ambitious EU trade agenda

A regulatory process that boosts competitiveness

Concrete actions to tackle shortages during the 2023 European Year of Skills

### About the EES

Eurochambres Economic Survey (EES) is an annual qualitative survey of business expectations across Europe. The survey is implemented by the network of chambers of commerce and industry and coordinated by Eurochambres. The questionnaire focuses on five economic indicators: business confidence, domestic sales, exports, employment and investment, as well as on challenges.
